Just One Touch - Community

Within all of our schools, families are struggling to provide basic school supplies for their children. Purchasing a backpack and filling it with paper, pencils, pens, erasers, colored pencils, crayons, a calculator, etc., helps families meet this ongoing need. Most schools provide school supply lists to local department stores, to assist you in knowing what is needed in each backpack.

This is a great service project to involve your students in. It is an ongoing need in all schools. Encourage your students to continue to purchase school supplies as they replace theirs, during the school year. You can set up a donation date monthly with the local school that you are donating to. You will soon become familiar with the list of frequently used items that are in need of replacement. You may even find that the teachers are in need of certain supplies that your students could help with.

Gift of: Time & Resources

Ages: All

Referred by:

Lisa Bacon
Just One Touch Director

Suggestions for student backpacks are:

- *pencils
- *colored pencils
- *pens
- *crayons
- *student scissors
- *loose leaf wide-ruled paper
- *small calculator

Suggestions for teacher supplies are:

- *colored checking pens
